REPORTING PERIOD: September 13-December 13, 2016

Goals/Strategies or Action Steps:	What NEW success have you had in moving your theme goals forward over the reporting period?
	Completed Community Health Needs Assessment and working together on addressing social determinants of health.
	Continue to address opioid crisis – federal legislation being enacted.
	Continue to address mental health access issues. Working on hand-offs to reduce errors in care between health organizations.
How are you working with any of the other RR Theme areas?	
Awareness of our activities through report-outs and relying on them to reach out.	
List any Goals or Recommendations within the plan that your team of theme Champions are struggling to address?	
Very fortunate that we are not struggling with our collaborative relationship even though we compete. Biggest obstacle is time and resources which are issues for everyone. Also, industry continues to go through significant change while facing uncertainty with recent election.
